

# ***Dowsing is One Method of Getting Inner Guidance***

# Two Basic Types of Dowsing

1. *Resonance dowsing* – actually feeling the aetheric resonance line between a witness (sample of material being sought) and the target in question and the target with same material.
2. *Inner Guidance* - sometimes called “Gut Guidance” or “following your instincts” or “that still small voice”.

# Feeling the Resonance Line

- Based on aetheric physics that like patterns resonate and there is an aetheric link between them.
- Dowsing Detection Requires sensitivity – cleaned aura, refined nervous system.
- Can be developed with practice
- Can be Instrumented, i.e. a detector exists that detects resonance line.

**Impossible to  
Understand Dowsing  
without Understanding  
the Structure of the  
Universe and who and  
what you are**

# The “I AM”

- The “I AM” Presence the God Self
- Higher Mental Body = Christ Self
- 4 Lower Bodies
  - Physical Body
  - Mental Body
  - Emotional Body
  - Aetheric Body

# Every Advanced Civilization Had Depiction of Chart

- Had Outer self, HMB/Christ Self, Higher Self
  - Atlantis – Priesthood
  - South American – Symbolic *bas relief* - We saw in museum In Peru
  - Hindu, Sikh, Zoroaster, and Buddhist – Various locations and times

# All Perfect Guidance Comes from the Higher Mental Body

- The HMB has access to everything about you
- The HMB has access to everything in the entire universe (you were made in the image and likeness of God) = All knowledge !!
- The Higher Mental body is absolute master of the outer and inner world.
- So why don't you operate Perfectly ????

# You Are a Creator

- If you don't have Perfect Guidance its because of past blockages you have made. Energy negatively qualified in your energy field (aura = mental and emotional body).
- Negative Energy are low aetheric distortions
  - Hate, Anger
  - Jealousy
  - Impure thoughts
  - Psychic colors (chartreuse, some shades of colors, orange, ...)
  - Etc., etc., etc... The list is endless...
- Opinions of what you believe
- All negative energy hanging around you blocks your perfect inner guidance.

# Guidance is Divine Tool

- .You chose to be here on this physical level in order to master its energies !
- .You have tools on how to live your life.
- .One of these tools is Inner Guidance
- .True Inner Guidance comes from your “I AM” Presence (Higher self via HMB and will guide you perfectly.

# Forms of Inner Guidance

- Gut Guidance = you feel truth or falsity of situation
- Inspiration = an idea is impressed on your mind
- Dowsing = using some type of pointer (e.g. wand, stick, pendulum) and “sub-conscious” will guide pointer
- Direct charge from Higher Consciousness (your own or Adept, Ascended Master or Higher)
- DAD Dowsing using pointing plus getting charge from HMB
- Voice from Higher Mental Body (clairaudience)
- Clairvoyance (view of guidance)

# Correct Dowsing Procedure

- Put attention on Higher Self + Higher Mental Body. (visualize Chart – i.e. “I AM” Presence + HMB + Outer Self)
- Ask your question to the “I AM” + HMB
- (e.g. “Great I AM Presence show me the answer”)
- HMB will either guide your hands (pendulum, rod, sticks) or
- HMB will show you (clairvoyance) or verbally tell you answer (clairaudience)
- Any other method is violation of 1<sup>st</sup> commandment

# How to Eliminate Garbage Energy in Aura

- Use the Sacred Fire – call it forth from your HMB and Higher Self.
- Change your Self Image, Change your attitude
- Meditate, Decree (chant), contemplate HMB
  - Violet Flame
  - Blue Flame
  - Pink Love Flame
  - Etc. (there are 7 major rays of the Sacred Fire)
- The Sacred Fire redeems distorted energy back to its pure state.

# Other Things That Obfuscate Guidance (especially treasure)

- People buried treasures and put various protective patterns around treasure.
- Patterns are aetheric and can be good or bad
- Patterns program the aether (pattern physics)
- Essentially, people were exercising their ability to qualify aetheric energy in and around a treasure to effect a certain action.
- Examples: guard angels, hexes, curses, bound entities (ghosts, elemental)

# Treasure in Various States

Treasure guarded  
By Hex and Curse  
And guard elemental

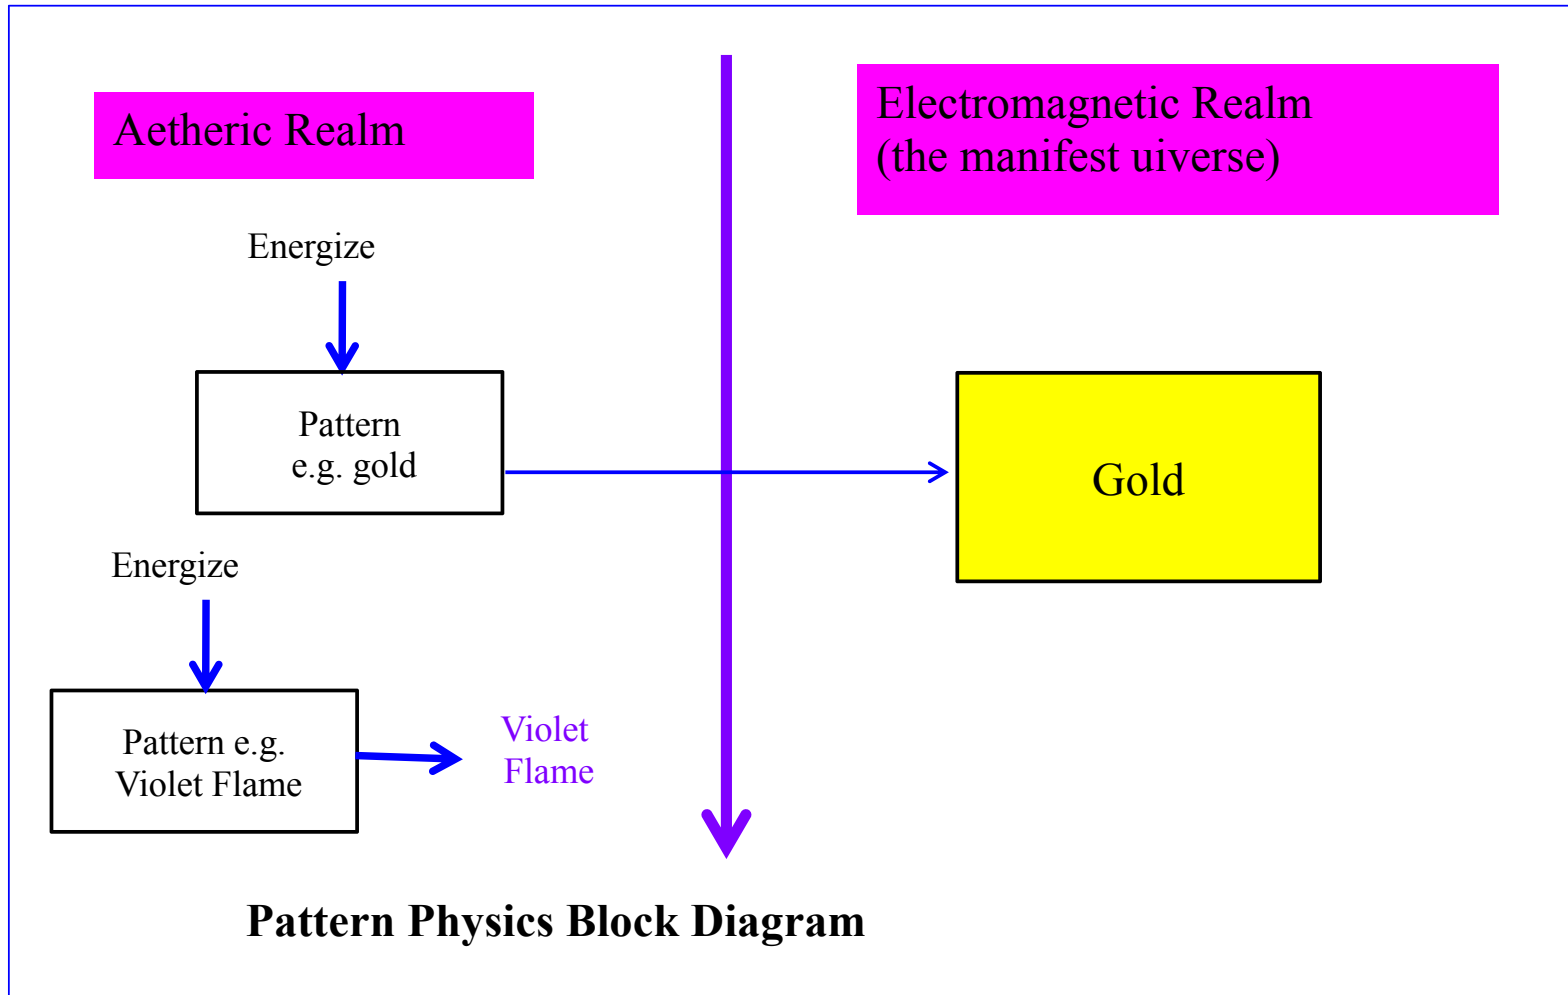

Treasure guarded  
By Hex and Curse  
only

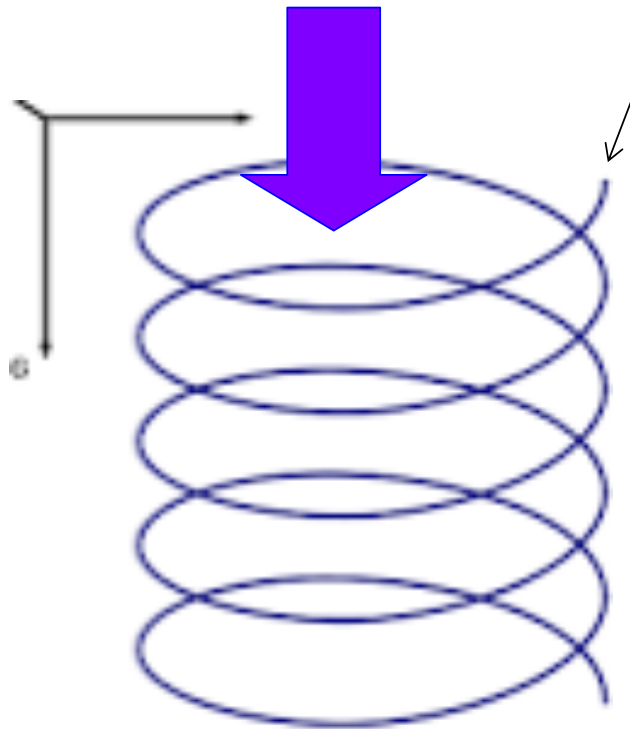

Treasure only

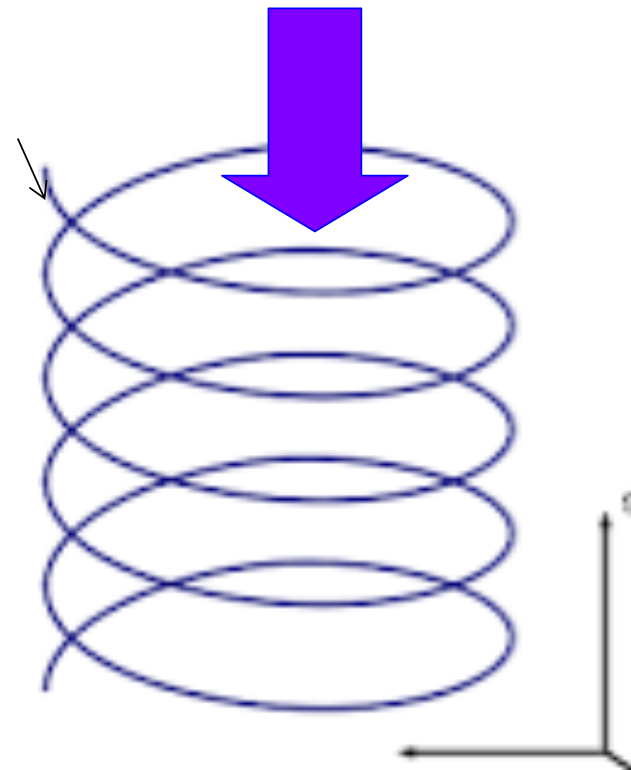

# Pattern Physics

# Aetheric Precipitation and Aetheralization Patterns

Condensing/Precipitating  
Clockwise

Dissolving/Aetheralizing  
Counter clockwise

# “God” Protected Treasure

- Person(s) who hid treasure called on God, Angels, Ascended Masters, Saints to protect treasure.
- Treasure must have Higher (“God”) **Release** to Recover Treasure.
- “God of Gold” is Master Guardian of Gold on planet earth.
- Lord Maha Chohan and other Ascended Masters are also guardians of wealth.

# Sacred Fire Will Clear Aetheric Patterns

- Treasure recovery – must be recoverable otherwise can't remove. e.g. “God” protected need release from “God” level.
- The Sacred Fire can come from various sources
  - Ascended Master level
  - Higher Self via the Higher Mental Body
  - Energized Crystals
    - Crystals must be purified
    - Crystals must be tuned to the Sacred Fire
- Beloved Jesus performed his healing miracles by clearing a persons negative energy with the Sacred Fire. He was taught use in Temple training.

# Methods to call forth Sacred Fire

- Decree To Higher Self and Ascended Masters combined with Visualization of Sacred Fire
  - Dependent on level of person
- Patterns That have Sacred Fire Energy
  - Masters Pictures
  - Sacred Fire Pictures that are programmed
- Objects that have ability to project Sacred Fire Energy
  - Some Geometric patterns (???)
  - Programmed Crystals (requires special equipment)
- Performing Chi Movements

# Two Methods to Eliminate Distorted Energies

1. The hard way – find each bad pattern and eliminate them one by one. Used in Radionics, medicine, radiesthesia. The number of bad patterns in health problems, psychiatry, treasure sites, etc, is endless.
2. The easy way – All bad patterns are some distortion in the aetheric field whether physical, mental, emotional, aetheric. Annihilate patterns with the sacred fire = highest level of pure energy.

# All Forms of Inner Guidance are Subject to Your Current Consciousness

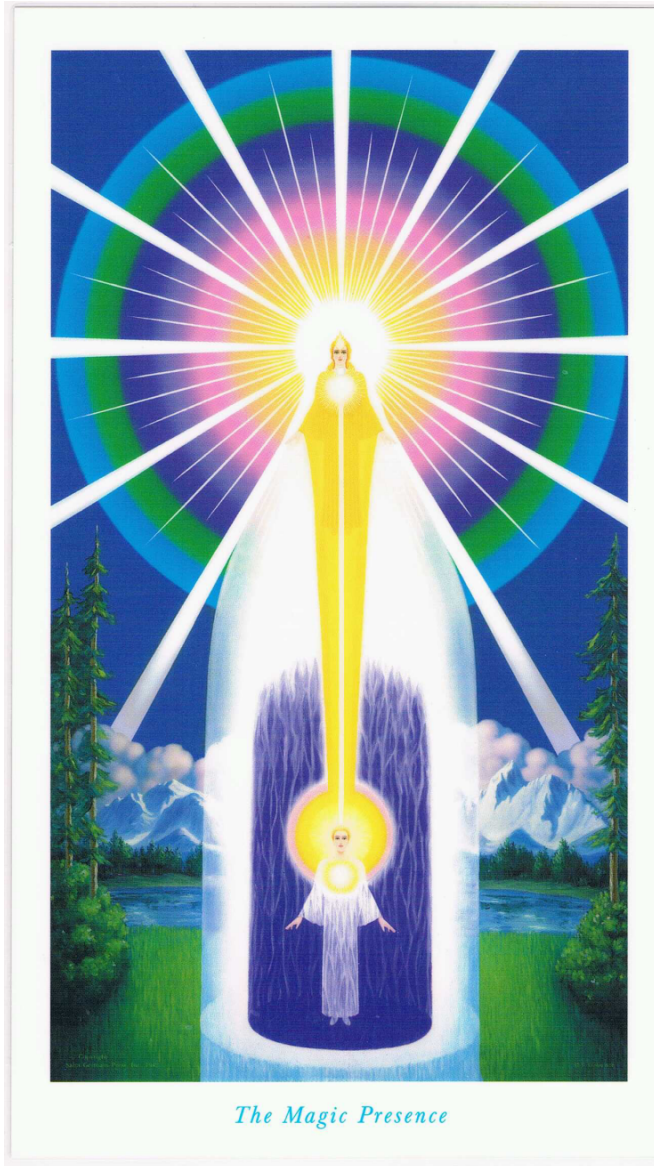

- To get perfect Inner Guidance you MUST be One with the Higher Mental Body
- The CHRIST CONSCIOUSNESS (total or sporadic)
- Manifesting and Embodying the Master Power Flame (i.e. the LOGOS)
- In Christianity Jesus Manifested the LOGOS

# How Do You Know You Have Good Inner Guidance ???

•Success !

–Your Inner Guidance answer proves out.
